

# Join Oil Club and we pay your EA fee

## We help you control the cost of waste oil disposal.

For a single annual cost of £120, Oil Club takes care of your waste oil disposal. This fixed cost covers the collections, recycling and all the necessary environmental paperwork.

**Now it also covers your Environment Agency premises registration charge that could be up to £28 per year.**

When your premises code is up for renewal, we'll automatically re-register for you and pay the full cost.

Once you are a registered Oil Club member we will automatically schedule collections according to your needs. You won't have to worry about requesting a collection, dealing with paperwork or further payments (unless you request more than six collections a year).

Oil Club provides an economic and hassle free solution. And it's flexible. For your fixed annual cost of £120 you get up to six collections a year. If you require more, these can be scheduled in and charged separately at the single collection rate of £45 with a minimum collection of 100 gallons.

If your tank is getting full you can request an urgent collection as part of your six Oil Club collections but the minimum quantity of 100 gallons also applies to this.

If you produce large quantities of oil and need more than six collections a year you could qualify for our **Oil Club+** which offers **unlimited collections** for as little as £180 a year.

To apply for Oil Club or Oil Club+ please complete the form overleaf and return to the OSS sales team by fax or post.

**Please note:** Oil Club, Oil Club+ and single collection rates are based on customer geographic locations. Basic rates are: -

**Oil Club; £120 per year or £90 if paying by direct debit. (Includes EA premises registration fee)**

**Oil Club+; £180 per year or £120 if paying by direct debit. (Includes EA premises registration fee)**

**Single collection charge, minimum quantity 100 gallons, £45.**

**To apply for Oil Club (or Oil Club+) please complete the form overleaf and return to OSS Sales Department.**
